Sarah –

Sorry for creating confusion. We have Tierra's old presentation. I was assuming Tierra is or will be making a new presentation, and obviously we'd be interested in receiving a copy of any new or updated presentation.

Thanks,

Gary P. Gengel

Gary,

Bill Hatfield previously asked for and received a copy of the presentation by Maxus and Tierra back in April. If Givaudan did not get around to sharing those with the Cooperating Parties Group, please let me know and I can forward them to you. The documents are too large to email.

Sarah –

We don't have a problem with you providing Tierra with a copy of the April 19 presentation, so long as Tierra, Maxus, and Occidental agree you can provide us with any presentation they may provide to EPA.

Thanks,

Gary,

For your information, Carol Dinkins asked for a copy of the presentation that John Connelly made to EPA on April 19 2012. I understand that it has already been provided to Occidental, Maxus and Tierra. If that is the case could I assume that you do not object if I provide a copy of what you gave us?

If you are not the right person to ask, please let me know who is.

Thanks

-Sarah
